Summary of the visit

This report records my visit to ZP School, Nandur on 25 June 2026. During the visit I observed Class 3 Mathematics, Class 4 Marathi and went through the available school records.

Observations

There was no weekly lesson plan available for Class 3 Mathematics, and Ms. Priya Kulkarni could not show how the period was linked to the learning outcomes. It is a small gap that regular practice can fix.

Progress records and unit-test answer sheets for Class 4 Marathi were not maintained properly by Mrs. Pooja Lonkar; marks had not been entered in the register. This is a significant concern that needs sustained support.

Agreed actions and follow-up

Agreed action: Update the progress register and submit unit-test marks to the CRP. Responsible: Mrs. Pooja Lonkar. To be completed by 10 July 2026.

Next steps

I thank the Headmaster and the staff for their cooperation. I will review the progress of the agreed actions during my next visit to the school.
